

Application for CISC Associate Small & Miscellaneous Fabricator Activity Scope: Small Structural/Misc./Plate Steel Fabricator

Scope Criteria

A firm or corporation which is recognized as a small structural steel, miscellaneous, steel plate fabricator or erector with a plant/office located and working within Canada with gross worldwide sales (direct or subcontracted) of less \$3 million dollars (CDN). Companies with gross sales higher than \$3MM do not qualify as Associates and are to fill in the CISC Member Application. Companies that are brokers of fabricated steel are not eligible.

Note 1: A company meeting these criteria may wish to apply as a CISC Member to take advantage of various benefits available only to Members (some conditions apply).

Note 2: Gross sales are calculated using your Canadian gross sales for fabricated steel and erection performed by your forces and subcontracted. Gross sales are not to include rebar, warehouse or non-steel related sales or activities.
