HISTORY OF STRENGTH AWARD

KEN BENSON

The CISC Ontario History of Strength Awards honor individuals that have made a significant contribution to the development, advancement, and success of the Canadian steel industry over a sustained period of years. The award recognizes individuals for their leadership and vision, within the structural steel design, the construction, and academic community in Canada, and who have been strong proponents and advocates of structural steel as a building material.

HISTORY OF STRENGTH AWARD

PAUL SEIBEL

The CISC Ontario History of Strength Awards honor individuals that have made a significant contribution to the development, advancement, and success of the Canadian steel industry over a sustained period of years. The award recognizes individuals for their leadership and vision, within the structural steel design, the construction, and academic community in Canada, and who have been strong proponents and advocates of structural steel as a building material.
